A full range of benefits

⊘ Seamless Approvals

Unlimited approval processes provide you with an audit trail of the application along with the ability to communicate in a matter of hours instead of days.

⊘ Tailored Analytics

Dashboard snapshots provide insights allowing management teams to make informed decisions.

⊘ Instant Notifications

Provide instant responses with notification emails to users dependent on responses within the form.

⊘ Mobile Friendly

Enter the details via mobile devices without delay with the ability to take photos as part of the details for the event or function.

⊘ Anywhere, Anytime

Enjoy the flexibility of being able to review and action any reported accident or incident via the mobile version.

View every detail as soon as it happens and action your approvals with ease and efficiency.
