A full range of benefits

✓ Industry Form Templates

Using our industry specific templates, automate your reporting supported by email notifications and approval processes.

✓ Seamless Approvals

Unlimited approval processes provide you with an audit trail of the application along with the ability to communicate in a matter of hours instead of days.

✓ Anywhere, Anytime

Enjoy the flexibility of being able to review and action any report via the mobile version.

View every detail as soon as it happens and action your approvals with ease and efficiency.

✓ Contractor Entry Portal

Using ermonline's Contractor Entry Portal, Contractor certificates are validated seamlessly with automatic notifications to key staff when Company certificates (ie. Public Liability and Workers Compensation) or Employee certificates (induction) are invalid.
